# 2019 Small Business Government Contracts Regulatory and Administrative Changes and What They Mean for 2020

### Webinar

As most Government contractors know, small business rules are constantly changing. That was certainly true for the 2019 year, in which the U.S. Small Business Administration revised multiple regulations, some of which will benefit the contractors that take advantage of the changes and some of which require compliance. Learn about these changes in a year-in-review webinar that has been described by prior attendees as “extremely informative,” “easy to follow,” and “very useful and timely.”

Webinar attendees will be able to:

- Identify what changes have occurred at the Small Business Administration and how they impact Government contracts
- Differentiate between the 2019 proposed rules and final rules (i.e., which ones are effective now)
- Understand how the rules impact what small businesses may or must do
