Ctrl+Alt+Disrupt: Higher Ed in the Age of Generative AI

In an era of rapid technological advancement, institutions of higher education face unique challenges and opportunities brought about by generative artificial intelligence (GenAI). Join us on Wednesday, February 19, as presenters from our Intellectual Property and Higher Education groups delve into the evolving landscape of higher education in the age of AI. This webinar will provide an overview of GenAI technology, explore its potential applications within academia, and address critical issues such as academic integrity and the ethical use of AI. This session will equip attendees with the knowledge needed to navigate the transformative impact of AI in higher education.
