Three Lawyers and a Drone - Episode 3: Commercial UAS basics

In this week's episode, we cover the basic requirements that must be met before using a drone for business purposes under the FAA's Small UAS Regulations, located at [14 CFR Part 107](#), including:

- Piloting requirements, including information on the 60-question exam that you'll need to pass to obtain a Remote Pilot Certification
- Basic operating rules for commercial UAS for speed, line of sight and relation to public spaces
- Possible changes to operation rules proposed by a current Notice of Proposed Rulemaking on "Operation of Small Unmanned Aircraft Systems Over People"
- Documentation requirements, including waivers and proof of training/certification
